AFTER JUSTICES
OF THE PEACEGovernor Trinkle Writes
Letter to Clerks of Circuit
Courts

Letters have been addressed by Governor Trinkle to clerks of the circuit courts throughout the Commonwealth, asking their assistance in his effort to see that all offices of the state function properly. "I have received information," writes the Governor, "that a number of justices of the peace have failed to make their semi-annual accounting before their board of supervisors (or city council) as required by Section 2546 of the Code."

Expressing the belief that this failure on the part of the magistrates was most probably the result of oversight, the Executive, nevertheless, requests the clerks to see that all justices who have failed in their reports and settlements, be notified as to the date of the next meeting of the board of supervisors (or city council) and requested "to be present without fail with their official receipt books," so that these may be checked up and statements filed by the clerks. "I request that you ask each of them," meaning the magistrates, "whether they have given any receipts other than official receipts as prescribed by law. I shall further appreciate it if you will advise me after the meeting of the board of supervisors (or council) as to whether the justices in your county (or city) have complied with the law," the Governor said.

Up to June 19, this year, the law required every justice of the peace to make biennial reports and settlements with the boards of supervisors of his county or with the council of his city. Under the new law, now in effect, these magistrates are required to file their reports with the clerks of their courts. In event a magistrate fails to file such report, the law requires the clerk of the court to issue his writ, summoning said magistrate before court, that he may there answer for the failure to comply with the law.

DEMOCRATIC
CANDIDATEMay Be Known to Voters as
"Man on Horseback."

Bristol, Va., July 8.—Before the present congressional campaign in the Ninth Virginia district comes to a close, George C. Peery, of Taxewell, Democratic candidate, may be known to hundreds of voters as "The Man on Horseback."

In the course of his strenuous campaign over the district the Democratic candidate intends to visit every section and to accomplish this it will often be necessary to use horses as means of transportation. Already Mr. Peery has found the horse an important factor in the campaign when he made visits to remote mountain sections. He said he found genuine pleasure in his rides through the hills.

Eleven per cent. of the foreign-born white population of this country above the age of ten years are unable to speak English.

DORCHESTER NEWS

Tommy Reece spent the week-end at East Radford with friends.

Miss Josephine Koontz, of Danville, Va., is visiting Miss Margaret Terpstra for several days.

Born to Mr. and Mrs. Guy Greaver on July 4th a son. Mrs. Seaver was formerly Miss Virgie Tilly, daughter of Mr. and Mrs. T. T. Tilly, of the Club House.

Dr. and Mrs. T. S. Usery, Misses Sarah and Anna Reece, Messrs. Bonth, Cobb, and Reece, attended the dance at Hotel Norton Tuesday night.

Death of Little Girl

Georgia Leona, the little daughter of Mr. and Mrs. Willard Vandeventer, died at her home here Friday morning after an illness of several months resulting from organic heart trouble.

Funeral services were held Sunday afternoon at 2 o'clock at the residence by Rev. D. M. Simmons, of Norton, after which the little body was carried to Norton and buried in the Norton cemetery.

Mr. and Mrs. Vandeventer have the sympathy of the entire community over the loss of their attractive and bright little daughter.

Miss Margaret Terpstra Entertains

Miss Margaret Terpstra entertained a few of her friends Friday afternoon with an enjoyable card party in honor of her attractive guest, Miss Josephine Koontz, of Danville, Va. Following the game, Miss Terpstra graciously assisted by Mrs. George Smith served an elaborate salad course to the guests who were Misses Josephine Koontz, of Danville, Lula Vickers and Sarah Beatty, of Wise, Josephine Waring, Margaret McColgan and Mrs. Johnny Cole, of Norton, and Mrs. John Shipley, of Athens, Tenn.

100 POUND RAIL
FOR SOUTHERN
MAIN LINESWashington to Atlanta First
to be Laid With Heavier
Steel

Washington, D. C., July 15.—(Special to The Post.)—One hundred pound rail has been adopted by the Southern Railway System as the standard for its main lines in place of 85-pound rail, the heaviest used on the Southern up to this time, vice president, H. W. Miller, in charge of operation announced today.

The first stretch to be laid with the heavier steel will be on the Washington-Atlanta double track line and will give the Southern 100-pound rail from Washington to Manassas, Va., a distance of 33 miles. The rail and fastenings are already on the ground and will be put in the track as soon as the heavy traffic movement of the peach and watermelon season is over. The 100-pound rail will be laid on extra heavy tie plates, giving added strength and safety.

The 85-pound rail released as the laying of 100-pound rail proceeds on the main lines will be used to replace lighter rail on branch lines where the volume of traffic is such as to justify heavier rail than now in use.

The term "100-pound" rail means that the rail weighs 100 pounds to the yard.

SOME BIG BOY

Big Stone Gap has some big boy in the person of Harry Masters who will be 14 years old on the 24th of next October.

He is just 6 feet tall and weighs 195 pounds in his shirt sleeves. From this it will be seen that in mere flesh he is not out of the ordinary, having bone structure to match. He has just passed into the 3rd grammar grade in the public school which would indicate that he is alright intellectually.

He must be a normal boy in every way because he likes the swimming hole and dislikes to work in the garden; but his mother makes him do it just the same as though he were small. And besides he hates to leave the bed or the table as bad as the average boy possibly could.

His size was not above the average until his tonsils and adenoids were removed some three years ago following which, his growth has been phenomenal.

He is the son of Sherman Masters, the well known blacksmith, who stands 6 feet 5 and weighs 235, while Mrs. Masters, the mother, is 6 feet, and draws down the scales to 200. If the boy's growth continues for the next seven years as rapid as it has been in the three years past he will be able to qualify for entrance to the Babe Bates class.—Independent.

A BUSINESS COUPE
FOR BUSINESS MEN

This car represents a new and important achievement in commercial transportation.

For the first time in motor car history, business men are enabled to buy a closed car, the body of which is built throughout of steel.

The advantages of this all-steel construction—reserved until now to open cars—are particularly marked in a coupe built to weather the wear and tear of hard commercial usage.

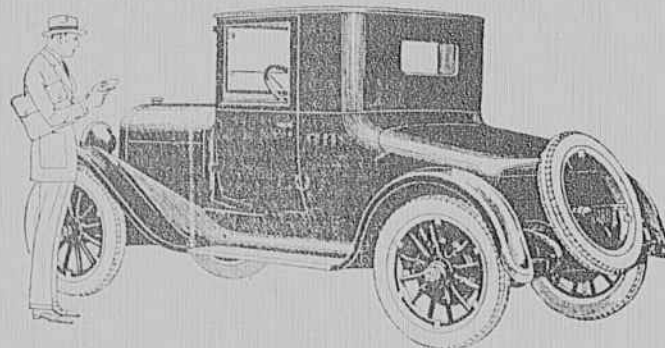

Immediately you will be impressed with the beauty and lightness of this coupe. Time will convince you of its unusual stamina. The doors snap neatly shut. Body squeaks are eliminated. Dodge Brothers enamel is baked on the surface of the steel—a permanent lustrous finish, impervious to wear.

The interior is roomy and thoughtfully equipped with every appointment necessary to the owner's comfort and all-weather protection.

Business houses that equip their salesmen with motor cars have been quick to recognize in this coupe a very unusual investment.
